Unit-1, Kazipally

Dear Mr. R Pandurangaiah,

After several months of hard work, we are happy to share that “We Made It.” **We are now VIATRIS™!**

Today, is a day to celebrate as we embark on our journey as a new kind of healthcare company, one that reimagines healthcare, not as it is, but as it should be. With that, we have taken up the challenge of a powerful and motivating mission. Viatris is more than a new business. We are a new force in healthcare, offering hope to people around the world.

At Viatris, we are redefining the healthcare landscape and empowering patients to live healthier at every stage of life. Being a new kind of healthcare company formed in 2020 through the combination of Mylan and Upjohn, a legacy division of Pfizer, we will leverage our collective expertise to improve patient outcomes. The collaboration reflects our commitment to address world’s emerging healthcare needs with passion and compassion. Quality and safety of our products will continue to be at the heart of how we operate across our network.

Working as a team, across the barriers of time and geography, we know the way to provide access to a sustainable, affordable, and diverse portfolio of high-quality medicines, regardless of a patient’s geography or circumstance. We are leading the way by providing a versatile, scalable platform that combines best-in-class manufacturing and supply capabilities with innovative solutions that span therapeutic areas.

Through Viatris, there’s always a way to showcase our commitment to the mission and the impact we seek to make. It’s also a reminder that Viatris is more than just a place to work. It’s a place to make a difference in the world.

*For all this, thank you, and congratulations. Let’s take pride in what we have achieved, and let’s resolve to move forward, together, via Viatris with a spirit of celebration - because as Viatris, we know the way to empower people worldwide to live healthier at every stage of life.*

**Welcome to VIATRIS™!**

**Sincerely,**

**Sanjeev Sethi**
